California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

<p>Endeavor College Preparatory Charter School prepares our students with the academic skills, character traits, and intellectual discipline to excel as leaders in high school, college, and their community.</p> <p>Endeavor College Prep is a California Distinguished School school serving children in kindergarten through eighth grade, from the historically underserved neighborhoods of Boyle Heights, Lincoln Heights, and surrounding eastside communities. We earned a 2013 API score of 870 and were ranked 10 out of 10 for similar schools by the CA Department of Education, and were ranked #8 in USC's annual list of top charter schools in the state.</p> <p>Our team is made up of a highly collaborative group of teachers and staff who share a passion for closing the achievement gap. We use a co-teaching structure in elementary grades modeled after the successful Uncommon Schools and Achievement First schools on the east coast. We have high expectations for academics and discipline, and simultaneously value joy in the classroom, making learning fun for our scholars and teachers.</p>

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16

Mathematics (grades 3-8 and 11)	26.0%	33.0%	25.0%	29.0%	34.0%	36.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

Endeavor College Prep makes several efforts to communicate with families and engage them in our on-going school improvement:

Teachers communicate with their students' families on a daily basis through a formal agenda and behavior report to keep them up-to-date on their child's performance. Families are invited to respond, either via writing a response on the agenda, or calling the teacher directly. All of our teachers are issued a school phone number and these numbers are shared with all families so that parents and/or students can get assistance from our team after school hours.

We send home a letter to all families every Friday with announcements, updates, volunteer opportunities, and upcoming events.

All families are expected to be active participants in each trimester's Family Report Card Conferences. At these meetings, the student, family, and teachers work together to create an Action Plan to increase the student's success in the coming trimester.

About once a month we hold morning "Cafecitos" where families are invited to join us in an informal setting to talk with the school and campus leaders, learn more about our school, see the teachers and students working in their classrooms, and share concerns and suggestions.

Endeavor has a School Site Council that includes five parent representatives. Parents may nominate themselves to serve on the council and elections that take place each fall. Parent representatives commit to meeting monthly with teacher and staff representatives to examine ways to improve the school, including as evaluating progress toward our LCAP goals, analyzing parent survey results, and discussing ways to improve parent involvement.

Also about once a month we host evening Family Nights that bring our families, students, and teachers together. Topics include Back-to-School Night, Family Reading Night, Family Math Night, Family Game Night, Family Appreciation Night, High School Fairs, etc. These nights engage families in hands-on ways to support their children's development. We also occasionally host family social events like a hike on the weekend and our end-of-year barbecue.

Finally, parents/guardians looking to be even more involved at our school can become regular volunteers and help us on a day-to-day basis, or may also join our School Site Council, which meets monthly to review, discuss, and help us improve key school decisions and documents.
